RE: Public Records Request

Dear Ms. Lipton:

Pursuant to our last response, attached is the additional cost of \$12.10 to certify mail the thumb drive.

We have additional records that are still being reviewed by staff in regards to the marketing and company relations requests. It is estimated that this process will take approximately 1 more month to complete. Once complete, the appropriately redacted material will be made available, subject to the payment of the appropriate reproduction costs as set by the policy of the City. We will alert you when these records are ready for pick up and how much each item will cost.

Sincerely,

A handwritten signature in black ink, appearing to read "Angela Stover", is written over a horizontal line.

Captain Angela Stover
